Hiring a public adjuster is one of the best decisions you can make in order to avoid the disaster following the disaster. And the best way to assure that you've made the right choice in hiring a public adjuster, is to be certain that your public adjuster is a member of NAPIA.

Our president, Matthew Blumkin, Esq., is coincidentally the 2025 president of NAPIA.

For over seven decades, the National Association of Public Insurance Adjusters (NAPIA) has united public adjusters throughout the United States in a shared commitment to education, certification, ethics and professional excellence.

NAPIA members work together to address issues within the first-party property insurance claims community and support a platform designed to impact legislation, regulation, accreditation and consumer awareness.

NAPIA's members are held to the highest standards of professional conduct and ethics, ensuring that clients receive the best possible service.

GREENSPAN

Organization Chart

Following disasters such as these, the combined teams of Greenspan North and Greenspan South provide unmatched expertise to every client. Over the past 40 years, we have collaborated on nearly every major wildfire in California. Our extensive references and letters of commendation testify to our leadership in the recovery process. Allow us to be your partners in recovery.
