TRANSLATION

My dwelling house was one of the damaged properties caused by the bomb exploded on March 29, 1998, which was one the six bomb explosion cases in Fremont. After the disaster, we had no ideas about how to handle the affliction. One of my friends introduced me to The Greenpan Co., which represented us to deal with the insurance company for compensation. The Greenpan Co. assisted us to obtain the best coverage amounts. With their years of experience, The Greenpan Co. helped us to prevent another unfamiliar and tedious procedures after the disaster. They also helped us to obtain very satisfied compensation. Our whole family would like to extend our sincere thanks to Mr. Greenpan, Mr. Kenneth Crown, and all the colleagues of their company from the bottom of our heart.
