I would like to thank you for everything you did in assisting us with the settlement of our client's insurance claim for the fire damage to his residence in Malibu, California. The assistance of yourself and the other personnel at Greenspan Co. was invaluable and we truly could not have accomplished the favorable results that we achieved without you. It would be my pleasure to recommend you and your company to anyone else who has needs for assistance in settling insurance claims.

Sincerely,

Michael Rutman
