The Greenspan Co./Adjusters International

500 Oyster Point Blvd., Suite 519

South San Francisco, CA 94080

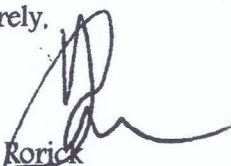

I want to thank you and Rino Benenati for your help with my loss. I am writing this letter for the benefit of others who may need your services. I have needed the help of The Greenspan Co./Adjusters International on two occasions. Most recently for a serious fire in a residential apartment building that I own. I am a general contractor and income property owner with many years of experience. Although I am competent in business and construction I am very glad I hired The Greenspan Co./Adjusters International. I would highly recommend them to anyone facing a fire loss like this.

The Greenspan Co./Adjusters International understands how insurance works and was able to negotiate a good settlement on my loss. I could never have done this on my own. Equally important, it would have been tremendously time consuming and stressful to deal with this myself.

In addition to a destroyed building I was faced with loss of rents. The Greenspan Co./Adjusters International negotiated a settlement that covered me on all points. The net result is that I now have a very nicely restored building and income as though the fire had never occurred.

I'm very happy with your work.

Sincerely,

Huck Rorick
