Dear Shellie,

Thank you for your efforts and patience on our behalf. The funds will arrive in the "nick of time" for us to save our business.

It is obvious to us that none of this could have happened without you and we shall always be deeply appreciative of all that you did for us.

What else can we say but Thank You. You will always be a most welcome guest at The Pickwick

Best wishes

Dear Sirs,

Please let this letter serve as our expression of gratitude for all of the efforts put forth by your company on our behalf.

We would especially like to thank Frank Greenspan and Shellie Landa for putting up with us and the professional manner in which they performed their jobs. Never did we imagine that the whole thing would take one year to resolve, however, thanks to Shellie and Frank we were able to recover most of our losses and are now on our way to recovery.

When you next talk to Frank and Shellie, please convey our thanks.

Best wishes
